

# PETALUMA

The Petaluma story is about distinguished vineyard sites and meticulous attention to detail. Petaluma is built on the old world belief of planting the right varieties in specific wine regions. Regarded as a crusader of the modern Australian wine industry, Petaluma has a prestigious reputation with five star awards and Langton Classifications.

## 2024 B.C.P. by Petaluma – Adelaide Hills

### B.C.P. BY PETALUMA

B.C.P. by Petaluma is the buttery Chardonnay project showing different expressions of a buttery Chardonnay from various region. The Adelaide Hills expression showcases the best expression of a buttery Chardonnay with fruit sourced from the Adelaide Hills.

### GRAPE VARIETY

Chardonnay

### COLOUR

Straw

### NOSE

Aromas of spice, ripe stone fruit and butterscotch.

### PALATE

Rich flavours of peaches and cream and toasted brioche, with a full and creamy textured palate and hints of vanilla and toasted oak.

### VINEYARD REGION

Adelaide Hills

### VINTAGE CONDITIONS

2024 Vintage was on the back of 2023 a much warmer and dryer vintage. Below average rainfall in Winter and Spring coupled with warmer than average temperature. Yields in some vineyards were influenced by late frost events in September and October. Growers had help from early summer rain in December and January which introduced enough moisture in the soil to support even grape ripening. Due to the warmer season, we harvested 2-3 weeks earlier than we did in 2023.

### WINEMAKING

Fermentation on full solids, Filtered prior to MLF to enhance the single strain characteristics from carefully selected malo bacteria strain. Matured in a mix of stainless-steel tanks and French oak barriques post MLF.

### PEAK DRINKING

Drink now

### FOOD MATCH

Pair with penne carbonara with freshly shaved black truffle.

### WINEMAKER

Ben Thoman
