95 Points – Ray Jordan – Wine Pilot 2026 *“This is such an exquisite example of Barossa grenache from an outstanding year. The vineyards are nearly 100 years old in some cases, and the blocks were fermented separately to capture the individual characters of those old vines. About 25% went through carbonic maceration with the whole bunch influence adding structure and complexity. So it's got that lovely, elegant, lively lift, but with substance and structure in the palate. A seamless mix of red fruits with raspberry and cherry notes and a lovely perfumed lift. Just a trace of earthy nuances add that final flick of palate complexity. An excellent wine.”*
